Additional Comments:

Loved the class, one complaint is that the homework is out of sync with lecture. we are assigned A LOT of homework on material we haven't covered yet, making homework very challenging

Additional Comments:

I think ~~it~~ might be a good idea if the instructor can spend more time working on different problems instead of reviewing past materials ~~for~~ most of the time. ~~It~~

Besides, I think the instructor can also post the answers regarding to HW in order to let us learn from our mistakes. Other than those, he did a really good job!

Additional Comments:

Interesting course, especially the lectures that went beyond the scope of this class. Wish I had more time to devote to this class this semester -- was enrolled in another very time-consuming class.  
Thanks!

Alex always has a simple way to explain intimidating or far from simple ideas. Has great example most of anyone can wrap their head around, using things like a tennis ball to explain the inner workings of a computer.

I always look forward to having him as a professor

Additional Comments:

- only thing I would change is how tests are taken, mainly regarding time given vs. time it really takes to complete questions. Also, using a clock up front would solve a LOT of timing problems during tests.  
Thank you!

Additional Comments:

Timely grading, prepared lectures,  
and learned a lot. Great class!

Some things that really jumped out  
as needing improvements...

- 2nd to last homework was material  
that had not been covered in lecture  
yet
- It would have been nice to have  
more practice problems in preparation  
for exams

Also, thank you for the extra  
credit!
