Additional Comments:

I am not a cpre, this class doesn't make a whole lot of sense to me. In return I don't really like this class. The professor did an alright job with the class. He relies on power points heavily which is frustrating & annoying. I think it would have been more productive to use the white board.

Very well taught class with excellently knowledgeable TA's, but has a high level of learning, is time intensive but learn a lot at the end of the day. Not an easy course by any means but Allen makes it well worth it.

Additional Comments:

I strongly disliked the timed tests. I knew the material but I can't make a 16variable k-map with simplified logic expressions in 5 minutes. Some students are slow test takers and it really sucked when I studied my ass off and got roped by the final because of how little time there is. Otherwise, good class, you're a great teacher.

Dr Stoytchev,
 You've taught me a lot of information in this class that I hope to retain. This has been my most favorite class, even with the long homework assignments, and you're the best professor I've had throughout my time here at Iowa. It was an honor to be in your class and I absolutely enjoyed it! Your teaching style was perfect for my taste, keep it up. Thanks for teaching this class. Couldn't have asked it better!

You are a great instructor that will be missed. There were topics that appeared so simple that a monkey could understand it, but you clearly explained the topics so there was no ambiguity.

Thank you for taking the time to teach this class Professor Stoytchev.

You are an example of what a good teacher is. Also, all of your TA's speak fluent English, I appreciate that.

Throughout my career at ISU I've had instructors that have poor teaching skills and TA's that don't speak English too well. This class was Awesome!

Additional Comments:

I wish the labs came before the HW.
 Personally, I learn better from the labs
 than the HW. My big 'aha' moments of
 understanding were always in the lab
 and I basically struggled through the HW.

Additional Comments:

Thank you for putting useful slides up and available outside of lecture. Apparently doing so is detrimental to attendance, but much more useful as reference.

You are an engaging and informative professor, and I applaud that.

Additional Comments:

Exams are slightly ridiculous; simply not enough time to complete them in 50 minutes. Thus not sufficiently testing my knowledge.
